***Biography:* Andrew Zorn, Director of Applied Research and Technology at DiGioia Gray, Inc.**

Andrew Zorn is the Director of Applied Research and Technology at DiGioia Gray & Associates, a leading provider of Civil, Electrical and Geotechnical Engineering services. He has been with DiGioia Gray & Associates since 2008 and has a wide range of expertise in civil and structural engineering as well as electronics and programming. Mr. Zorn is a licensed professional engineer in multiple states, including Pennsylvania and hold a Bachelor's and Master's degree in Civil Engineering from the University of Pittsburgh. As director of Applied Research and Technology, he works to develop more efficient processes for the other service lines of the company as well as integrate and develop new technologies to bring to our clients.

Sponsorship Opportunities

The Geophysical Society of Pittsburgh offers sponsorship opportunities. Our monthly meetings occur each first Tuesday of every month beginning in September through May.

Since our inception in 2010, meetings have been very well attended by industry professionals, averaging well over 50 attendees per meeting, peaking at more than 100 for our most highly attended meeting. Not only do our meetings offer exceptional technical presentations in the field of geophysics, but they provide an outstanding networking opportunity for oil and gas industry professionals working in the Appalachian basin.

Your generous donations will help in the following ways: 1) helping to bring in distinguished lecturers; 2) offsetting part of the cost of the monthly meeting venue; and 3) enabling a Scholarship Program for future Geophysicists to be awarded each year to an outstanding student enrolled in a Geophysics program at one of our local universities.

Your company logo will be boldly displayed during the social hour of each meeting on the front screen, as well as on all meeting announcements and on our website. We are offering corporate sponsorship opportunities at several levels this year, as well as opportunities to sponsor our social hour during the meeting. Please note that a secure payment link is now available on our website for your added enrollment convenience.

Please click [HERE](#) to download more information, then return to this page to enroll as a sponsor.

2022-2023 GSP OFFICERS

<i>President:</i>	Scott Gorham	Independent Consultant
<i>Vice President:</i>	Jianli Yang	Seneca Resources
<i>Treasurer:</i>	Joel Starr	Independent Consultant
